

# SUPPLEMENTS

## INTRODUCTION

The supplements in this section contain expanded operational procedures for both standard and optional equipment installed in the airplane. Operators should refer to each supplement to ensure that all limitations and procedures appropriate for their airplane are observed.

A Log Of Approved Supplements is provided, for convenience only, beginning on page Log-1 and is a numerical list of all supplements applicable to this airplane by name, number and revision level. This log should be used as a checklist to ensure all applicable supplements have been placed in the Pilot's Operating Handbook (POH). Supplements may be removed from the POH provided the equipment is not installed on the airplane. If equipment is installed on the airplane, however, the supplement(s) must be retained and updated as revisions to each supplement are issued.

Each individual supplement contains its own Log of Effective Pages. This log lists the page number and effective date of every page in the supplement. The log also lists the dates on which revisions to the supplement occurred. Additionally, the part number of the supplement provides information on the revision level. Refer to the following example:

172R-S1-04

## LOG OF APPROVED SUPPLEMENTS

### NOTE

It is the airplane owner's responsibility to make sure that he or she has the latest revision to each supplement of a Pilot's Operating Handbook, and the latest issued "Log Of Approved Supplements". This "Log Of Approved Supplements" was the latest version as of the date it was shipped by Cessna; however, some changes may have occurred, and the owner should verify this is the latest, most up-to-date version by contacting Cessna Propeller Aircraft Customer Services at (316) 517-5800.

Supplement Number	Name	Revision Level	Equipment Installed
1	Bendix/King KX 155A VHF NAV/ COMM with KI 208 or KI 209A Indicator Head	1	X
2	Bendix/King KT 76C Transponder with Blind Encoder	1	
3	Bendix/King KMA 26 Audio Selector Panel	1	X
4	Pointer Model 3000-11 or Model 4000-11 Emergency Locator Transmitter (ELT)	3	X
5	Bendix/King KLN 89B Global Positioning System (IFR)	2	
6	Bendix/King KR 87 Automatic Direction Finder (ADF)	1	X
7	Bendix/King KAP 140 Single Axis Autopilot	4	X
8	Winterization Kit	1	
9	Davtron Model 803 Clock/OAT	2	X
10	Bendix/King KLN 89 VFR Global Positioning System (GPS)	1	
11	Brazilian Certified Airplanes	0
